

Youth in Europe seminar- Local Plans and Initiatives

11th May 2011

2.00 to 5.00 PM

Varna, Hotel Iberostar Obzor Beach

And Izgrev, Golden sands

in connection to
ECAD 18th Mayors` Conference

Youth in Europe – A Drug prevention Programme is now in its fifth year.

Already 15 cities have taken active part in the programme and the next data collection is due next year 2012.

Many of the participating cities have developed various prevention plans and initiatives over the past years. We would like to invite you to the seminar where we can exchange ideas and plans related to drug prevention in our cities. This goes for all ECAD cities and other interested parties and not only those already in Youth in Europe.

We herewith would like to have calls for interest in presenting local prevention programs from cities across Europe during the Youth in Europe seminar on the 11th of May in Varna. Each presentation should not more than 10 to 15 minutes.

Please contact *Jon Sigfusson* or *Paulina Lönnroth* for further information and regarding your participation.

(For booking your accommodation and registration, see General Information on the ECAD 18th Mayors' Conference)
